

Dorset Connects I.T. Buddy™ News

Dorset Connects Participates in 7th Annual West Chester Rotary Chili Cook-Off Contest!

Ms. Suz Hazel and Mr. Sean Brennan of the Dorset Connects 2009 Team I.T. Buddy™ Chili Cook-Off Team, chopping up the onions and peppers for the cook, who is in the back stirring in the secret ingredient.

Dorset Connects, a leading provider of I.T. & Business Phone Services since 1997, recently participated in the 2009 West Chester (PA) Rotary's 7th Annual Chili Cook-off!

Held in beautiful downtown West Chester this year's event featured 68 varieties of chili ranging from Dorset Connects Flaming I.T. Buddy™ Heat & Meet

Chili to Vegetarian Chili. The Dorset team, led by Mr. Rob Sparre, President Dorset Connects, Mr. Patrick Wallace, Sales/Marketing Manager (Chili Chef), Mr. Neal Zimmermann, Engineer, Ms. Sydney Zimmermann (Neal's Daughter, the real leader of the team), Ms. Susan Hazel, Executive Administrator and Mr. Sean Brennan, Special Guest Chef held their own at the competition, having been awarded an honorable mention in the Business Category.

Team I.T. Buddy™ cooked over 15 gallons of chili throughout the four hour event. "Wow, this was a really fantastic event and I am glad Dorset Connects could be a part of the 2009 contest" said Rob Sparre. Reaction to our Flaming Chili was varied, but most indicated it was not hot enough! Dorset Connects and Team I.T. Buddy™ will be back in 2010 with our Flaming Chili—so

mark your calendars now!

Dorset Connects is your I.T. Buddy™ providing superior Business I.T. and Hosted Telephony Solutions and Onsite Technical Support since 1997 in DE, PA, NJ and MD.

Dorset Connects and I.T. Buddy™ help our partners avoid the aggravation, cost and disappointment of ineffective technology, so they may focus on their business success. Dorset Connects provides services for I.T. Networks and Business Telephone Systems, specializing in Windows 2000/2003/2008 server families, Unix/Linux, TCP/IP, Citrix terminal services, VPN, Hosted PBX, Exchange and other services.

Dorset Connects Announces New Proactive Solution

Dorset Connects (DC) announces the addition of a Proactive Services Suite for current and future clientele.

What is Proactive Services? DC has an exciting new suite of services that allow DC Engineers to be more Proactive, instead of the current Reactive or T&M service. Clients can will realize the benefits of more control over their Information Technology (I.T.) budget.

DC Proactive Services will help you avoid feeling the frustration associated with technology. DC can provide a back-up/disaster recovery solution that can be 100% tested for compliance.

NetConnect and ConnectWorks, our proactive suite for networks (Servers/Workstations) offers four (4) levels of coverage. From a Standard Level to an Ultimate Level, you can choose the right mix of

services for your business and budget.

To learn more about DC Proactive Services, the DC Business Learning Series, DC Hosted Telephony Solutions or to subscribe to the I.T. Buddy™ News please visit our website @ www.dorsetconnects.com or call Patrick Wallace @ 877.888.1073 x 335.
